

COLOURS

International Summer School

Join this exciting programme to study both online and on-site at Delta Po, Ferrara, Italy, with students from 6 universities across 6 countries in the COLOURS alliance.

Practical experience with local stakeholders

University of Ferrara (Unife) collaborates with the Ferrara Plains Reclamation Consortium of Po Delta Region to organise fieldtrip, workshop, and meeting with local experts.

Key objectives

- Understand the principles of ecological, social, and economic transitions.
- Analyse the environmental impacts of human activities and climate change.
- Develop innovative strategies for sustainable regional development and effective communication.
