MAKING THE CIRCULAR ECONOMY WORK FOR SUSTAINABILITY: From Theory to Practice

February 23-25, 2021

To register send an email to cercis@unife.it by February, 21

Keynote speakers:

Florian Flachenecker (EU-Commission, Recovery and Resilience Task Force and University College London)

Jesús Alquézar Sabadie (EU-Commission, Directorate-General for Environment)

Stefan Speck (European Environment Agency - EEA)

Workshop Program

“Making the Circular Economy work for Sustainability: From theory to practice”- February 23-25, 2021

Day 1: February 23, 2021

14:30 – 15:00	<p>Opening address Prof. Massimiliano Mazzanti University of Ferrara, <i>Director of SEEDS and Head of CERCIS</i> Prof. Laura Ramaciotti University of Ferrara, <i>Director of the Department of Economics and Management</i></p>
15:00 – 16:00	<p>Keynote lecture 1 Dr. Stefan Speck (European Environment Agency - EEA) <i>Environmental taxation and fiscal sustainability in a climate-neutral and circular economy in Europe</i></p>
16:00 – 17:30	<p>Session 1: Attitudes and cultural issues <u>Chair:</u> Claudia Ghisetti (Catholic University of Milan) Morone, Piergiuseppe, R. Caferra, I. D’Adamo, P.M. Falcone, E. Imbert, and A. Morone <i>Towards a circular-biobased economy: the role of standards and ecolabels in promoting market uptake of sustainable biobased products - an artefactual field experiment</i> Mazzanti, M., M. Modica and Andrea Rampa <i>Acceptance of Biogas in Italy. An analysis on the social approval of new plants</i> Cantarella, M. and Giovanni Marin <i>The culture of circularity: conceptual and empirical assessment of features, drivers and barriers of circular business strategies</i></p>
17:30 – 18:30	<p>“Getting together”</p>

Day 2: February 24, 2021

9:30 – 10:30	<p>Keynote Lecture 2 Dr. Jesús Alquézar Sabadie (EU-Commission, Directorate-General for Environment) <i>The European Green Deal and the Circular Economy: Opportunities and Challenges</i></p>
--------------	--

10:30 – 11:00	<p>“Coffee Break”</p>
11:00 – 12:30	<p>Session 2: Reduction & Regeneration <u>Chair:</u> Antonio Massarutto (University of Udine) Pronti, Andrea, S. Auci and M. Mazzanti <i>What are the factors driving the adoption and intensity of sustainable irrigation technologies in Italy?</i> Dibattista, Ilaria <i>Pros and Cons of Plastic-free Movement: green rushing or greenwashing?</i> Gutiérrez, Mauricio H. <i>From productivism to regeneration in socio-ecological systems: an exploration of tensions, trade-offs, and ways forward</i></p>
12:30 – 14:00	<p>“Lunch break”</p>
14:00 – 16:00	<p>Session 3: Recycling <u>Chair:</u> Marianna Gilli (University of Ferrara) Mazzarano, Matteo <i>Potential material recovery from EEE in EU28, Calculating the artificial ore grade</i> Bertarelli S., Chiara Lodi and S. Ragni <i>An optimal control strategy for the recycling of a non-renewable resource on a finite time horizon</i> Argentiero, A., Alessio D’Amato and M. Zoli <i>Waste recycling policies for a Circular Economy transition: an E-DSGE approach</i> Mazzarano, Matteo <i>Cyclical and non-Cyclical shocks on recycling</i></p>
16:00 – 16:30	<p>“Coffee Break”</p>
16:30 – 18:30	<p>Session 4: Urban and industrial areas <u>Chair:</u> Sandro Montresor (Gran Sasso Science Institute – GSSI) Rosiek, Ksymena <i>How to measure water usage in cities in the context of the circular economy</i> Cerqueti, R., M. Cinelli and Leo F. Minervini <i>Municipal waste management: a complex network approach</i></p>

18:30 – 19:00	<p>Atta, N., Anna Dalla Valle, L. Macrì, S. Ratti, S. Viscuso, M. Arena, A. Campioli, M. Lavagna, C. Monticelli, C. Vezzoli, A. Zanelli and C. Talamo <i>Remanufacturing and reuse networks for tertiary architectures: a circular economy perspective towards sustainability in construction sector</i> Mancuso, Erika, M. La Monica, L. Cutaia, F. Ceruti and F. Eboli <i>Symbiosis between industries in Umbria region: a successful cooperative approach of circular economy</i></p>
18:30 – 19:00	<p>“Aperitif”</p>

Day 3: February 25, 2021

9:30 – 10:30	<p>Keynote Lecture 3 Dr. Florian Flachenecker (EU-Commission, Recovery and Resilience Task Force and University College London) <i>The Recovery and Resilience Facility of the European Union – towards a sustainable and circular recovery?</i></p>
10:30 – 11:00	<p>“Coffee Break”</p>
11:00 – 12:30	<p>Session 5: Towards sustainability <u>Chair:</u> Jacopo Zotti (University of Trieste) Dibattista, Ilaria <i>Circular cities and the management of the Commons: analogies and differences between Circular Economy theory and Elinor Ostrom’s studies</i> Stefanakis, Alexandros and Ioannis Nikolaou <i>Circular Economy as a tool to achieve sustainability: key pillars and the need for interdisciplinarity</i> Molocchi, Andrea <i>Circular economy and environmental sustainability: a coherence analysis based on current Italian subsidies</i></p>
12:30 – 13:00	<p>Final remarks and Conclusions</p>
13:00 – 14:00	<p>“Lunch break”</p>
